# Specifications

Windy Boats undergoes a continuous process of renewal, development and amendments to standard specifications of its products. Specifications presented in this document may be changed without prior notice.

Windy Boats pursues a policy of continuous product innovation and enhancement. Everything presented in this brochure is subject to change without prior notice. This brochure must therefore be taken only as non-binding guidelines from Windy Boats • The images shown in this brochure do not necessarily show standard boats and cannot therefore be used as references for the standard specification for each individual model • All boats manufactured by Windy Boats are approved for specific categories by RINA and are CE-labelled • Every attempt is made to ensure that all information in this brochure is as accurate as possible, but it is important to note that a boat's performance and test data are given only as guidance • Fouling of the hull and stern gear, by for example marine growth and mud, propeller damage, engine set-up, engine manufacture and type, air and water temperatures, the weight of fuel, water, stowage and the number of persons on board may all affect the boats' performance and test data. For these and other reasons, Windy Boats is unable to provide any guarantee of test data and boat performance • This brochure was produced by Innoventi AS, Arendal, autumn 2014 • Windy Boats reserves all rights in this brochure. Reproduction prohibited without written authorisation by the copyright holder • Windy Oceancraft, Draco Oceancraft, Draco and WinTec are trademarks of Windy Boats.
