

27 Solano

Windy
SPIRIT OF SCANDINAVIA

First for quality

When Windy Boats was established in 1966 our first sport boats set new standards for performance and craftsmanship. 50 years on, we're still driven by the urge to be the best. All Windy Boats bear the hallmark of quality without compromise, drawing on five decades of boat building excellence, and centuries of Scandinavian seafaring heritage. Put simply, we build better boats because we're Windy. It's in our DNA.

Spirit of

Scandinavia

Second to none

Windy builds boats like no other shipyard in the world. Classic speed boats that are beautiful to behold, and a joy to drive. Technically advanced sport cruisers that deliver class-leading performance and fuel economy. Safe, confidence-inspiring offshore cruisers that put families at ease. And awe-inspiring custom supertenders that not only look sensational but can be relied on to perform.

An aerial photograph of a boat's wake on dark blue water. The wake consists of several parallel lines of white foam and churning water, extending from the bottom right towards the top left. The boat's white hull and a portion of its deck are visible in the bottom right corner.

Windy27 **Solano**

With classic retro styling and the unbeatable performance and handling for which Windy is renowned, the new 27 Solano sports boat is set to emulate the success of the legendary Zonda.

Windy

27 solano

27 SQUANO

Steeped in Windy's core DNA, the Solano celebrates 'back to basics' boating, in 21st century style and comfort, with its focus on a big cockpit, great hull and excellent handling. Here is the pure, no frills sportboat of the type Windy built in the Sixties and Seventies, but with comfort, design and technology brought right up to date.

27 solano

Windy

Conceived primarily as a dayboat, she has a practical two-berth cabin and head compartment tucked under the foredeck. Her deep, safe cockpit is both social and versatile, with a moveable aft sunbed, and can be easily protected with her new generation canopy system or bimini sun-shade. As such, she will appeal to buyers in all markets - from the short but sweet summers of Scandinavia to the cool lakes of Switzerland and the hotspots of the Mediterranean.

Windy

Precision engineered, hand finished

Windy's reputation is built on quality and craftsmanship. Our award-winning deep v-hulls are renowned for delivering an exhilarating, yet stable and dry ride. Our production facilities in Västervik and Ostroda are among the most advanced in Europe, employing resin transfer moulding to produce stronger, lighter, more fuel-efficient hulls. Distinctive interiors by leading superyacht designers combine clean Scandinavian lines with luxurious detailing. And every boat is hand-finished with Windy's customary perfectionism using the highest quality components and finest materials. For Windy customers, only the best will do.

Interior layout & material selections

Cabin Fabrics

- Headliner - Spradling Diamante DIA-6600 Polar
- Bulkhead and Headboard –Spradling Hitch HIT-8964 Seashell
- Berth cover - Spradling 122-0001 Macadamia
