Windy

Unrivalled Scandinavian quality.

When Windy Boats was established in 1966 our first sports boats set new standards for performance and craftsmanship. More than 55 years on, we're still driven by the urge to be the best.

All Windy Boats bear the hallmark of quality without compromise, drawing on five decades of boat building excellence, and centuries of Scandinavian seafaring heritage. Put simply, we build better boats because we are Windy. It is in our DNA.

Impeccable world-class design.

For over twenty-five years Espen Øino International has been hard at work designing custom motor yachts for an international elite clientele from Japan in the East to Seattle in the West.

With its multicultural and multi-disciplined staff based in the yachting capital of Monaco, the EOI studio has left a significant imprint on the new build market and is today considered as one of the world's leading design studios for innovating yacht design.

34-feet of pure excellence

The W34 Alizé is the long awaited sibling to the W37 Shamal launched in 2020.

Significant efforts were made to optimize the design with regard to layout, ergonomics, and not least performance.

The result is a crisp and clear design confirming Windy's long established position as the European trend setter and market leader when it comes to Sport Cruisers.

The all new Windy W34 Alizé offers the best compromise of size, speed and comfort. The result is a timeless yet contemporary design.

Exterior

All deck fittings on the W34 Alizé are made using the highest quality material to withstand the harsh elements out at sea.

Make a statement with your boat and wrap the hull in the colour of your choice.

Personalise

The W34 Alizé exterior cushions are offered in a number of different colours.

Contact you local dealer for the latest colours.

Exquisite

Up to four people can sleep comfortably in the fore and aft cabins.

Ample storages are foreseen everywhere.

The galley is easily accessible from the main deck and is generous for practical cooking space.

Luxury bathroom with a separate shower cabin.

Inviting

All spaces of the interior seamlessly blend into each other creating a feeling of openness.

Adaptable

Whether you are out on the water with the kids or entertaining guests, the Alizé can accommodate for every occasion.

Luxury

Whereas the internal arrangement of the W34 Alizé is classic, there will be one alternative optional interior choice of a contemporary modern design.

- Classic
- Contemporary Modern

Propulsion

The W34 Alizé is proud to be powered by Volvo Penta. It is offered with 5 different engine packages to meet every customers demands.
