

THE ULTIMATE CHASE BOAT

With a range of 800 nautical miles at 25 knots, you can go further, stay longer, and explore more without compromise. Long distances become effortless, giving you the confidence to plan each journey on your own terms.

A 20-foot expanse of balcony doors opens the salon up to the horizon, turning the interior into a seamless part of the seascape. Light, air, and views flow in, while the generous aft deck becomes a natural gathering space — perfect for swimming, sunbathing, and relaxed socialising. At the same time, every detail facilitates smooth boarding, guest transfers, and efficient supply runs, so the day unfolds exactly as you intend.

Designed by Malcolm McKeon Yacht Design, the exterior combines clean Scandinavian lines with purposeful proportions, and a hull engineered for assured offshore performance. The result is a presence that feels both elegant and powerful - modern in character, with timeless appeal.

Designed around how you truly spend your time on the water - offering greater range, closer connection to the sea, and confidence in all conditions.

The SR60 simply lets you enjoy more of your every moment at sea.

OVERVIEW

LENGTH	18.15M	NAVAL ARCHITECT	Malcolm McKeon Yacht Design Ltd

The results refer to the test boat only.
Performance may vary due to weather and load conditions.

BESPOKE YACHT BUILDING

The Windy SR60, winner of the 2022 World Yacht Trophies, represents the ultimate expression of bespoke yacht building - created entirely around how you want to experience life at sea.

Every idea is developed with precision, and every detail is engineered to exceed the highest expectations. From deck layout and social areas to interior configuration, materials, and onboard systems, the SR60 offers an exceptional level of flexibility. Whether you envision extended range cruising, seamless guest entertainment, or a highly specialised support vessel, each element can be tailored to suit your exact requirements.

Our engineering team works closely with you throughout the process, translating your vision into a fully integrated solution. Our deep technical expertise and a commitment to performance ensure that every function, finish, and feature works in harmony - without compromise.

The result is more than a boat. It is a fully bespoke vessel, shaped around your needs, your preferences, and your way of using the sea - built to perform, built to last, and built entirely for you.

"I am impressed by the boat's all around seaworthiness. It has performed astonishingly well during our 1000 nm passage back from Croatia in all weather."

Victor Voisin – Chase boat Captain

CRAFTED
FOR LIFE
AT SEA

Windy
SPIRIT OF SCANDINAVIA

A SPACE SHAPED AROUND YOU

Step inside the Windy SR60 and experience a space shaped around you. Rich oak surfaces meet subtle carbon fiber accents, creating a refined balance between warmth and performance. Every detail is hand-crafted, from the stitching to the finish, delivering a tactile sense of quality throughout.

Designed to reflect your way of living at sea, each interior can be tailored to your preferences—materials, layouts, and features carefully selected to match your vision. The result is a calm, luxurious environment where everything feels considered, and nothing is left to chance.

SCANDINAVIAN EXCELLENCE SINCE 1966

Located on Sweden's beautiful east coast, on the Baltic Sea, the Windy shipyard is where modern capability meets Scandinavian precision. Here, every boat is crafted in an environment designed for advanced engineering, meticulous craftsmanship, and uncompromising attention to detail.

Each stage - from structural construction to the final finish - is executed with consistency, attention, and care. The result is a level of quality you can rely on, season after season.

For six decades, Windy has built boats with one purpose: to give you absolute confidence at sea. More than 12,000 boats delivered stand as proof of that commitment, forming the foundation of a brand trusted by captains, chosen by professionals, and admired by those who value true performance and reliability.

Developed in collaboration with world-leading designers, naval architects, and master craftsmen, every Windy boat reflects a balance of engineering excellence and timeless Scandinavian design.

This is where your boat is built - in Sweden - by specialists who understand what it takes to perform when it matters most.
