

THE NEW FLAGSHIP *SR* 77

The Windy SR77 was conceived to be as individual as the yacht she supports. Every element – from the deck layout to the ambience below deck – can be designed to suit your seafaring life.

Choose your preferred arrangement for open or enclosed deck areas, define the interior style of the guest and crew cabins, and specify every detail from bathrooms to materials and onboard systems.

Behind it all lies a choice of advanced propulsion. Whether you prefer the raw power of the MAN V12 with waterjets or the seamless agility of the Volvo Penta IPS, each option defines a distinct character at sea.

Each configuration is developed in close collaboration with Windy's design and engineering team, ensuring your SR77 performs and feels exactly as you envision.

TAILORED TO YOUR VISION

The Windy SR77 is more than a chase boat, it's a statement of intent. Each build is an opportunity to create something unique, reflecting the character of your yacht and the lifestyle you lead. From custom layouts and finishes to advanced performance configurations, every detail can be shaped to your own specifications.

SR 77

SCANDINAVIAN EXCELLENCE SINCE 1966

Located on Sweden's beautiful east coast, on the Baltic Sea, the Windy shipyard is where modern capability meets Scandinavian precision. Here, every boat is crafted in an environment designed for advanced engineering, meticulous craftsmanship, and uncompromising attention to detail.

Each stage - from structural construction to the final finish - is executed with consistency, attention, and care. The result is a level of quality you can rely on, season after season.

For six decades, Windy has built boats with one purpose: to give you absolute confidence at sea. More than 12,000 boats delivered stand as proof of that commitment, forming the foundation of a brand trusted by captains, chosen by professionals, and admired by those who value true performance and reliability.

Developed in collaboration with world-leading designers, naval architects, and master craftsmen, every Windy boat reflects a balance of engineering excellence and timeless Scandinavian design.

This is where your boat is built - in Sweden - by specialists who understand what it takes to perform when it matters most.
